

Newsletter of the Sutherland Titans Soccer team

Welcome to the first newsletter of our football club. This just and introduction to what is planned to be a weekly event to keep you in touch with what is going on in the club.

I hope to have match reports from each team, social news and anything else that people may want to see or know about. If you have any items you want to include pass them onto me and I will include them.

Upcoming events

It is planned to hold an official launch of the club in July. This will be in the form of a night out for the parents and also a fund raising event. More information to come closer to the event.

It is also planned to hold a coaching clinic in July with the emphasis on special needs soccer skills. It will be held during the school holidays by people with special needs experience.

We are having a club logo made up. This can be put on the shirts and make our players look even more professional.

Match Reports

Always remember the first rule of Soccer Have Fun.

I ask all coaches to sent me a short, half A4 size report on your match each week,

Happy Soccer
David Bradley
